Chapter I

Information for Students and Parents/Guardians

Scope of Authority

This *Code of Student Conduct* governs the conduct and discipline of all students attending Miami-Dade County Public Schools. It is expected that students obey District rules while on school grounds, while being transported to or from school at public expense, while on the school premises for instruction, and for authorized participation in a school-sponsored activity. During such times, all students are subject to the immediate control and direction of teachers, staff members, and/or bus drivers to whom the principal has assigned such responsibility.

This *Code of Student Conduct* also applies to students who, away from School Board-owned property, commit felonies or are charged with committing delinquent acts that would be felonies if committed by an adult, or whose off-campus conduct creates a substantial disruption to the school environment.

Off-campus conduct and conduct outside of school time that violates the District's *Code of Student Conduct* may also be the basis for discipline up to expulsion if it is accomplished through electronic means and either interferes with or limits another person's ability to participate in or benefit from the District's program or substantially disrupts the educational process or orderly operation of a school. Off-campus conduct that poses a threat or danger to the safety of other students, staff, School Board members, any other members of the District Community, or school property may also constitute behavior that has a substantial adverse impact on the educational environment requiring disciplinary action up to and including expulsion.

Students should be advised that violations of the *Code of Student Conduct* may also be violations of Florida law. Thus, students may be subject to school/district-level disciplinary actions and discipline imposed by local law enforcement authorities. School Resource Officers (SRO) and other law enforcement authorities can conduct investigations independent of those conducted by school personnel for the same incident. Furthermore, the sanctions imposed by the District for misconduct are separate and distinct from the consequences that may be imposed following the arrest and prosecution of a student for a violation of law originating from the same incident. Please keep in mind that the failure of one entity to act does not prevent the other from taking appropriate actions consistent with this *Code of Student Conduct* or with Florida law.

School Environmental Safety Incident Reporting

School Environmental Safety Incident Reporting (SESIR) grew out of the public’s concern that children be safe in the school environment. In 1995-96, in response to this concern, the SESIR system was initiated to enable schools to track incidents and analyze patterns of violent, criminal, or disruptive activity. The intent is for there to be complete and objective data from which to design interventions to improve the learning environment. SESIR operates at the school, district, and state levels. School-level data are sent to the District in a standardized format, and in turn, the District sends data to the Florida Department of Education, which is compiled into an annual report. This report presents the frequency of the SESIR incidents by district and for the entire state. Additionally, the disciplinary actions associated with the incidents are reported.

The School Environmental Safety Incident Reporting System collects data on 26 specific types of crime, violence, and disruptive behaviors that occur on school grounds, on school transportation, and at off-campus, school-sponsored events, during any 24-hour period, 365 days per year. Incidents are reported by schools to the districts which, in turn, provide the data to the Florida Department of Education. *Code of Student Conduct* violations that must be reported using this system are marked below as “SESIR Incidents.”

RV

Off-Campus Conduct

Off-campus conduct and conduct outside of school time that violates the district's *Code of Student Conduct* may be the basis for discipline up to expulsion if it is accomplished through electronic means and either interferes with or limits another person's ability to participate in or benefit from the District's program or substantially disrupts the educational process or orderly operation of a school. Off-campus conduct that poses a threat or danger to the safety of other students, staff, School Board members, any other members of the District Community, or school property may also constitute behavior that has a substantial adverse impact on the educational environment requiring disciplinary action up to and including expulsion.

Off-Campus Felonious Offenses

Pursuant to F.S. 985.04 and to minimize off-campus acts that might have an adverse impact on the school environment, the District will send notifications to schools of students who have been taken into custody for and/or are formally charged with an off-campus felony or delinquent act that would be a felony if committed by an adult.

The principal may take administrative action, up to and including suspension proceedings, against those students who are formally charged if, after an administrative hearing with notice provided to the parent/guardian of the student, it is shown that the incident has an adverse impact on the educational program, discipline, or welfare of the school. Expulsion proceedings may also be initiated if a court determines that the student did commit the felony or delinquent act which would have been a felony if committed by an adult.

Students and parents/guardians should be aware that felony offenses can have a serious impact on a student's future, including the following:

- criminal penalties;
- loss of scholarship eligibility;
- loss of voting privileges;
- loss of employment opportunities; and/or
- loss of driving privileges.

Bullying and Harassment

Miami Dade County Public Schools is committed to providing a safe learning environment for all students and is dedicated to eradicating bullying and harassment by providing awareness and prevention education. Bullying, harassment, and intimidation by students, school board employees, visitors, or volunteers is prohibited and will not be tolerated.

During the investigation of any bullying and/or harassment allegation, the principal/designee or appropriate area/district administrator should take appropriate actions to protect the complainant, alleged victim, other students, or employees consistent with the requirements of applicable Board Policies, regulations, and statutes.

Bullying and Harassment Defined

It is further defined as unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by a student or adult, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with an individual's school performance or participation that includes a noted power differential. It is further defined as a pattern of unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture by an adult or student. 3. Calling 305-995-CARE (2273).

Information and/or resources on bullying and harassment can also be found on the Student Crisis Management Services website located at <http://studentservices.dadeschools.net/#!/fullWidth/3709> .

Discrimination/Harassment (Civil Rights), including Sexual Harassment, may require law enforcement consultation and must be reported to the Office of Civil Rights Compliance at 305-995-1580. For Discrimination/Harassment (Civil Rights), including Sexual Harassment, involving charter school students, contact the individual charter school’s Civil Rights Compliance Officer.

Corporal Punishment **C**

According to School Board Policy 5630, *Corporal Punishment and Use of Reasonable Force*, the use of corporal punishment is prohibited in Miami-Dade County Public Schools. This prohibition extends to parents/guardians on school grounds.

Fighting and Self-Defense **F**

Fighting is prohibited on all Board property, school transportation, and/or at school activities. Fighting is defined by the Florida Department of Education as two or more people mutually participating in the use of force or physical violence that requires either physical intervention or results in injury requiring first aid or medical attention. If the fight causes a major disruption on campus or results in serious injuries, it may result in a recommendation for expulsion.

If a student is unable to leave the area of a pending attack, a student may use self-defense. Self-defense is an action taken that is necessary to protect oneself or others from serious bodily harm. Self-defense may include asking an adult for help, restraining, or blocking the attacker, shielding oneself or others from being hit, or pushing to get away from the attacker. However, retaliating by striking or hitting (i.e. punching, slapping, kicking) a person back, instead of choosing to leave once you or the victim are able to get away, may be considered as fighting. Pursuant to Section 1006.13, Florida Statutes “in a disciplinary action, there is a rebuttable presumption that the actions of a student who intervened, using only the amount of force necessary, to stop a violent act against a student, staff, or volunteer were necessary to restore or maintain the safety of others.”

Implications of Certain Sex Offenses **I**

Minors convicted or adjudicated delinquent for certain sex offenses may be required to register with the State of Florida as a sexual predator or sex offender and will suffer the restrictions and embarrassment of this requirement as defined in Sections 943.0435, 943.04354, 943.0515, 985.481, 985.4815, and 775.21 F.S.

Sex Discrimination S

Sex Discrimination is handled in compliance with Title IX of the Education Amendments Act of 1972 and its implementing regulations. Upon receiving a report of sex discrimination involving a student, employee, or applicant, school or work site administrators must contact the M-DCPS Office of Civil Rights Compliance (CRC) at 305-995-1580.

Reports of incidents sexual in nature must also be reported to law enforcement. Where child abuse or neglect is suspected, District staff must also contact the Florida Department of Children and Families' Abuse Hotline in accordance with School Board Policy 8462, *Student Abuse, Abandonment, and Neglect*.

A finding of sex discrimination under the *Code of Student Conduct* may require the express authorization of the District's Title IX Coordinator or designee.

Threats of Violence T

Threats of Violence

Students are prohibited from making direct or indirect **threats** of violence against individuals or groups, any school/district property, including school-sponsored transportation, or any school/district-sponsored activity or function. Even threats made in jest or in exaggeration must be treated as serious threats. Any threat of violence must be reported immediately to a teacher or school administrator. **A threat to use a dangerous instrument or weapon on school grounds, on school sponsored transportation, or at any school sponsored activity, is prohibited.** All threats of violence (oral, written, electronic, or symbolic) will be reported to law enforcement and investigated by school officials.

A student, regardless of age, found to have made a threat of violence shall be referred to the school's School Based Threat Management Team and is subject to referral for mental health service and appropriate disciplinary consequences, up to and including assignment to Alternative Educational

Setting, **suspension**, expulsion, arrest, and/or prosecution. When students use social media to threaten other students or school employees in a way that has a direct effect on school property, law enforcement may be requested to conduct a “home visit” and/or law enforcement may be involved which could result in criminal prosecution. School Based Threat Management Teams must also consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, that would pose a threat to school safety.

It is unlawful for any person to threaten to throw, project, place, or discharge any destructive device with intent to do bodily harm to any person or with intent to do damage to any property of any person, and any person convicted thereof commits a felony of the second degree pursuant to F.S. 790.162.

It is unlawful for any person to make a false report, with intent to deceive, mislead, or otherwise misinform any person, concerning the placing or planting of any bomb, dynamite, other deadly explosive, or weapon of mass destruction pursuant to F.S. 790.166, or concerning the use of firearms in a violent manner against a person or persons, and any person convicted thereof commits a felony of the second degree pursuant to F.S. 790.163.

Any person who writes or composes and also sends or procures the sending of any letter, inscribed communication, or electronic communication, whether such letter or communication be signed or anonymous, to any person, containing a threat to kill or to do bodily injury to the person to whom such letter or communication is sent, or a threat to kill or do bodily injury to any member of the family of the person to whom such letter or communication is sent, or any person who makes, posts, or transmits a threat in a writing or other record, including an electronic record, to conduct a mass shooting or an act of terrorism, in any manner that would allow another person to view the threat, commits a felony of the second degree pursuant to F.S. 836.10.

Florida Statutes Section 1006.13 requires expulsion for students found to have committed certain infractions including bringing weapons to school and making threats or false reports against school or persons specified in Section 784.081, Florida Statutes, including elected officials, employees of a school district, or any sports official.

Unauthorized Location

A student will be subject to discipline if the student willfully enters an area of campus not on the student's assigned schedule, other than a common resource area, without permission. These areas include but are not limited to athletic facilities, classrooms, offices, and restrooms/changing facilities to which the student is not assigned. A student violates this section if the student willfully enters a restroom or changing facility designated for the opposite sex on the District's premises and refuses to depart when asked to do so by any instructional personnel, administrative personnel, or a safe-school officer. (F.S. 553.865(9)(a)).

Under the Influence

A student will be subject to discipline if the student is under the influence during school or any school-sponsored activity. "Under the influence" means the impairment of one's normal faculties, such as walking, talking, etc., as may be evidenced by, but not limited to bloodshot eyes, slurred speech, odor of alcohol/licit substance, stumbling, imbalance, drowsiness, or flushed face.

Special Note: These observations may be made by a lay (non-expert) witness. An administrator may conclude that a student is under the influence of alcohol, or an illicit substance, based on the totality of the circumstances. An administrator should first rule out that the student is having a reaction to food or authorized prescription medication or experiencing a medical condition.

Use of Medication

Medication shall not be carried on a student's person in the school except as provided in School Board Policy 5330, *Use of Medications*, and/or as approved by the principal. Furthermore, no student is allowed to provide or sell any type of over-the-counter medication to another student.

Weapons and Simulated Weapons

Possession of a firearm or weapon as defined in Florida Statutes, Chapter 790 by any student while the student is on school property or in attendance at a school function is grounds for disciplinary action as set forth in this *Code of Student Conduct* and may also result in criminal prosecution.

If a student brings a firearm or weapon and/or makes a threat or false report, the school must refer the student to the school's School Based Threat Management Team and mental health services identified by the school district pursuant to F.S. 1012.584(4). If more than one student is involved in making a threat or false report, Region Offices must review to ensure consistency of discipline as appropriate.

In accordance with F.S. 1006.07, a student may be subject to disciplinary action if simulating a firearm or weapon while playing substantially disrupts student learning, causes bodily harm to another person, or places another person in reasonable fear of bodily harm. The severity of consequences imposed upon a student, including referral to the criminal justice or juvenile justice system, must be proportionate to the severity of the infraction and consistent with this *Code of Student Conduct* for similar infractions. If a student is disciplined for such conduct, the principal or designee must call the student's parent. Disciplinary action resulting from a student's clothing or accessories shall be determined in accordance with F.S. 1006.07(2)(d) and Policy 5511, *Dress Code and School Uniforms*.

REPLAC

Wireless Communication Devices

Wireless communication devices are any handheld devices used or capable of being used in a handheld manner that are designed or intended to receive or transmit text or character-based messages, access or store data, or connect to the Internet or any communications service. These include two-way communication devices, such as cellular phones, tablets, laptops, smartwatches, smart glasses, portable gaming consoles, e-readers, personal hotspots and similar wireless or Internet of Things (IoT) devices. Possessing a wireless communication device is not a violation of the *Code of Student Conduct*. However, a student shall not disrupt the educational process or interfere with the safety-to-life issues of students by using a wireless communication device inappropriately.

When using electronic devices for the purposes of learning consistent with the educational objectives of the District during the instructional day, students must comply with School Board Policy 7540.03, *Student Responsible Use of Technology, Social Media, and District Network Systems & Internet Safety*.

The following rules must be followed regarding the possession, use, and display of wireless communication devices:

- Students may only display and use wireless communication devices (i.e., texting, email, telephone etc.) before or after the instructional day, unless permitted by a teacher and/or authorized school personnel. This includes during class, in the library, during lunch breaks, during class changes and during any other structured activity.

Special Note: The District strongly discourages the use of headphones and earbuds during class transitions/changes and during lunchtime due to safety reasons.

- Students must ensure that the telephone and hotspot capabilities of their devices are turned off during the instructional day (i.e., ringer off, silent mode, etc.)
- When permitted to use wireless communication devices during the instructional day, students must follow the guidelines set forth by the Bring Your Own Device initiative outlined in School Board Policy 7540.03, *Student Responsible Use of Technology, Social Media, and District Network Systems & Internet Safety*, and associated procedures.
- The school is not responsible if a student’s wireless communication or any electronic device is lost or stolen.

Chapter II

Behaviors and Corrective Strategies

Safeguards: Protecting the Rights of Students and Parent/Guardians

S

All corrective strategies used by school-site administrators must be in compliance with School Board rules and policies. Inherent in these rules and policies is the philosophy of fairness and consideration for actions that are in the best interest of students.

When confronted with an act that may require the imposition of corrective strategies by the school, the student and all other appropriate persons should be given the opportunity to explain the circumstances of the incident.

Students shall not be subjected to any corrective strategies for using a language other than English or because of a disability.

School administrators should communicate with parents/guardians when corrective strategies must be taken against a student.

Parents/guardians and students who disagree with certain strategies and decisions made at the school level have the right to the following formal due process procedures, as set forth in School Board Policy 5610, *Suspension and Expulsion of Students*:

- an informal school-level hearing;
- appeal of school-level decisions to the regional center office; and
- for alternative education assignments in excess of ten (10) days and expulsions, an appeal conference with a representative from the Office of School Leadership and Performance/Alternative Education, and a hearing before an impartial hearing officer.

Level II-Behavior

Using answers from an unauthorized person, unauthorized sources, or artificial intelligence (AI) tools to receive credit for schoolwork. Some examples include:

- Looking at someone else's paper
- Copying from your notebook when you are supposed to use only your memory.
- Copying someone else's homework because you did not complete yours
- Using AI tools to generate answers or complete assignments without proper citation or permission from the teacher.

Example: The teacher accused him of cheating when she found answers to the test written on his desk.

Plagiarism:

Plagiarism is a form of cheating that occurs when you present another person's words or ideas as your own without giving the originator credit for the information. This includes using AI tools to generate content without proper citation. Some common examples of plagiarism are:

- Copying information from a book, AI tool, or website without using quotation marks and without including a bibliography at the end of the assignment listing the sources used.
- Paraphrasing information from another source without giving credit to the original author.

All information in academic assignments that is not common knowledge must be cited and documented. An example of common knowledge is "Miami is a city in Florida."

Example: She plagiarized the information in her report by not giving credit to the author for his ideas.

Assignment to an Alternative Educational Setting

A

An Alternative Educational Setting (AES) is a corrective intervention used to address a student's needs and give the student time away from the classroom or regularly assigned school setting to learn targeted behavior management skills in a smaller school setting. A student may be assigned to the following AESs suitable to the Level of Behavior. When the principal utilizes an AES, the student shall be afforded the same due process procedures that are applicable to suspension, including written notice within 24 hours by U.S. mail. Schools must consider the student's capacity to understand his or her behavior and the inappropriateness of his or her actions. Schools may take age, development, and disability into account when determining appropriate discipline. Pursuant to School Board Policy 2410.01, *Mental Health Services*, principals shall make a reasonable attempt to notify a parent of a student before the student is removed from school, school transportation, or a school-sponsored activity to be taken to a receiving facility for an involuntary examination pursuant to F.S. 394.463.

A teacher has the authority to refer a disruptive student to the principal's office to maintain effective discipline in the classroom and may recommend an appropriate consequence consistent with the COSC. After determining that the student has violated the COSC, the principal shall respond either by employing the teacher's recommended consequence, or by imposing a more serious disciplinary action, if the student's overall behavioral history warrants it.

TEMPORARY REMOVAL FROM CLASS

Disruptive students removed from class and assigned elsewhere within the student's regularly assigned school. Students removed from class will be provided with assignments that are relevant to the material being taught in the class from which the student was removed.

OTHER ALTERNATIVES

Other alternatives, include after-school detention, Saturday School, or other programs available within the student's regularly assigned school.

In the case of a student with a disability, assignment must be appropriate in light of the student's Individual Educational Plan (IEP) or Section 504 Plan. Removal from a particular class should not effectuate a denial of IEP or Limited English Proficient (LEP) services.

PROACTIVE APPROACH TO DISCIPLINE (PAD) (at District Approved Schools)

Proactive Approach to Discipline (PAD) is a theory of justice that emphasizes repairing the harm caused by crime and conflict. It places decisions in the hands of those who have been most affected by a wrongdoing, and gives equal concern to the victim, the offender, and the surrounding community. PAD focuses on the infraction and conflict, and utilize various techniques such as peace-making circles, which

are designed to repair the harm, heal broken relationships, and address the underlying reasons for the offense.

STUDENT COURT SCHOOL-BASED PROGRAM (at District Approved Schools)

Student Court is a tribunal for students who have been trained to hear actual cases of school level offenses committed by their peers. Student Court School-Based Program model is for students who violate Level I, Level II and select Level III behaviors of the *Code of Student Conduct*. It provides participating schools with an alternative resource for decreasing the number of in-school and out-of-school suspensions.

ASSIGNMENT TO SCHOOL CENTER FOR SPECIAL INSTRUCTION (SCSI)

The principal may assign the student to the School Center for Special Instruction (SCSI), which is an alternative setting within the student’s regularly assigned school. The SCSI should be designed to provide tutorial and guidance services.

When misconduct in a specific class result in an assignment to SCSI, the student may only be removed from the class where the misconduct occurred. Continued or general misconduct can result in removal from all classes if deemed appropriate by the principal.

PERMANENT REMOVAL FROM CLASS

A teacher may remove a student whose behavior the teacher determines interferes with the teacher’s ability to communicate effectively with the students in the class or with the ability of the student’s classmates to learn. This includes disobedient, violent, abusive, uncontrollable, or disruptive students. The principal shall be notified immediately upon the student’s removal.

Each school must establish a Placement Review Committee to determine appropriate placement of the student when the teacher has withheld consent for return to the teacher’s class. The parent/guardian of the student must be informed of the Placement Review Committee and be provided the opportunity to communicate with the committee on behalf of the student. The committee may either: (1) place the student in another class within the student’s regularly assigned school, or (2) return the student to the teacher’s class if the placement is the best or only available alternative.

OUT OF SCHOOL SUSPENSION (1- 10 DAYS) (ONLY Levels III-V)

A principal may remove a student from the student’s regularly assigned school for one (1) to ten (10) days for behaviors that constitute a threat to school safety, endanger health and safety, damage property, and/or cause serious disruptions to the learning environment. Principals take this action when they have exhausted informal corrective strategies, or when they have at least considered those alternatives and rejected them as inappropriate in a given situation.

A student removed from his or her regular school program has the right to request and obtain make-up assignments for the time he or she was reassigned. It is the responsibility of the student to request make-up work for assignments missed due to a reassignment from the student’s regular school program. In the

case of a student with a disability, assignment must be appropriate in light of the student’s Individual Educational Plan (IEP) or Section 504 Plan. Removal from a particular class should not effectuate a denial of IEP or Limited English Proficient (LEP) services.

A student removed from his or her regular school program is entitled to be notified of the reason for the reassignment and an opportunity to be heard by the principal/designee. Parents/Guardians must be provided written notice within 24 hours by U.S. mail.

AES PLACEMENT (MORE THAN 10 DAYS)

A principal may request a District-approved administrative assignment to an AES for more than ten (10) days for Level III-V behaviors that constitute a threat to school safety, seriously endanger health and well-being of others, damage property, and/or cause serious disruptions to the learning environment. This action is taken only when less severe strategies are deemed inappropriate. If the nature of the student’s behavior warrants, the Superintendent’s designee will approve the request and assign the student to one of the alternative educational settings.

In the case of a student with a disability, assignment must be appropriate considering the student’s Individual Educational Plan (IEP) or Section 504 Plan. Removal from a particular class should not effectuate a denial of IEP or Limited English Proficient (LEP) services. Suspensions and Expulsions for more than ten (10) consecutive days and/or a pattern of suspensions and expulsions that exceed ten (10) days in a school year may be considered “changes in placement” for students with disabilities who have a Section 504 Plan or who are enrolled in Exceptional Student Education (ESE) placement under the Individuals with Disabilities Education Act (IDEA). When the student is removed from his/her educational placement for more than ten (10) days, a manifestation determination must be conducted to review the Social Emotional - Behavior Intervention Plan (SE-BIP) and consider whether other strategies, interventions, or assessments are appropriate and the student must be provided appropriate educational services in order to provide a Free Appropriate Public Education (FAPE). Discipline guidelines for IDEA students with disabilities are specified in the District’s *Exceptional Student Education Policies and Procedures (SP&P)*, Board Policy 2260, *Nondiscrimination and Access to Equal Educational Opportunity*, and discipline guidelines for Section 504 students with disabilities as outlined in Board Policy 2260.01, *Section 504 Procedures for Students with Disabilities*.

A student removed from his or her regular school program is entitled to be notified of the reason for the reassignment and an opportunity to be heard by the principal/designee and the parents/guardians must be sent written notice within 24 hours by U.S. mail. Furthermore, the student assigned to an AES for more than 10 days is entitled to a hearing.

Denial of Bus Privileges

B

Student misconduct while riding a school bus and/or bus stop is a serious threat to the safety of everyone on the bus as well as other motorists, pedestrians, and members of the community. Students are expected to adhere to the Code of Student Conduct while on school sponsored transportation and bus stops, as well as to the bus rules noted in this section. All rules that apply to school grounds and activities also apply when riding the school bus or at the bus stop. Parents are responsible for their child's behavior on the school bus to and from school as well as their behavior at the bus stop.

School bus drivers must report to the school principal (or his/her designee) any student who persists in disorderly conduct, and any student who engages in violent, abusive, or uncontrollable behavior which:

- endangers the safety of the students, driver, and/or bus aide riding on the bus.
 - endangers the safe operation of the bus.
- Students may ride only in their assigned bus and get off only at their assigned bus stop.
 - Students must stand off the roadway while waiting for the bus to arrive.
 - Students must cross the road **only in front of the bus** and only when all traffic has been completely stopped. Students must NEVER cross the road from behind the bus.
 - Seating charts for students assigned to school buses (in K-8) will be produced using the *Bus Planner* school bus routing system. School bus drivers and aides shall inform students of their seat assignment using these seating charts.
 - Students must enter and leave the bus at schools and at student stops in an orderly fashion. This requires students to proceed on and off the bus without delay.

BUS SAFETY RULES AND RESPONSIBILITIES OF TRANSPORTED STUDENTS

Students riding on school buses are required to observe the *Code of Student Conduct*, school bus safety rules, and the following policies of the M-DCPS Transportation Department:

- Students are to board the bus without haste and without loitering, and without crowding, pushing, or shoving.
- Students, upon boarding the bus, must go directly to their assigned seat and sit down as quickly as possible.
- Students shall not change or trade seats.
- Students must remain seated in their assigned seat for the entire duration of the trip.
- School buses operated by M-DCPS are equipped with lap belts.
 - While School bus drivers can not compel a student to use the lap belt, all students **MUST** fasten their lap belt and keep them fastened for the entire trip to and from school.
 - Students who do not comply with the safety rule shall be referred to the school principal.
- Students must pay attention to the school bus driver (and school bus aide, if assigned) and follow their instructions. The driver and aide are responsible for the safety of the students entrusted in their care.
- Students must remain quiet enough so as not to distract the driver's attention from the road, especially when the bus is crossing a railroad track.
- Students must always refrain from shouting, yelling, and other boisterous activities; from engaging in unnecessary conversation with the driver; and from any activity that worries or distracts the driver, and which may put the student's own safety and the safety of others at risk.
- Students may play music devices when riding on buses **ONLY** when wearing ear buds or headphones.
- Students may not eat, drink, smoke, or vape when on the school bus.
- Students must **NEVER** extend hands, arms, heads, or any other parts of the body out of the windows of the bus.
- Students must refrain from littering, including throwing or scattering wastepaper, wrappers, bottles or other items on the bus floor or out of the windows of the bus.
- Students must not purposely mark, deface, damage, or destroy any part of the bus, the equipment on it, or the area surrounding the bus stop location.

Possible corrective action(s) may include the following depending on the severity of the offense:

- Verbal or written reprimand from the school principal/ designee.
- Parent Conference.
- Up to ten (10) days suspension from being transported to and from school.
- Up to ten (10) days loss of bus privileges for extracurricular activities.
- Assignment to AES
- Recommendation for expulsion if the behavior on the bus constitutes a Level III-V.

Corrective actions will be determined by the school principal/designee with input from the M-DCPS Department of Transportation based on the offense and after all necessary documentation has been submitted by the bus driver or M-DCPS transportation center.

Suspension of Bus Privileges for Students With Disabilities

In the case of a student with a disability, suspension of bus privileges must be appropriate considering the student’s Individual Educational Plan (IEP) or Section 504 Plan. A manifestation determination must be conducted for more than ten (10) days of bus suspension for any student who receives transportation as a related service on his or her IEP or Section 504 Plan.

Denial of Participating in Social and/or Extracurricular Activities

Students may be denied the privilege of participating in social and/or extracurricular activities if they have been disruptive in school or at social and/or extracurricular activities. They may also be denied this privilege if they have been convicted or found to have committed a felony or a delinquent act that would have been a felony if committed by an adult, regardless of whether adjudication is withheld, and a determination has been made that the incident has an adverse impact on the educational program, discipline, or welfare in the school. In addition, for senior high school students, any arrest will result in an immediate minimum 10-day prohibition from participation in interscholastic competitions or performance, including practices.

All senior high school students, in order to participate in interscholastic athletics and/or extracurricular activities, commencing with the successful completion of the eighth grade as defined by School Board Policy 5410 - Student Progression Plan, must meet all academic and conduct eligibility requirements contained in School Board Policy 5845, *Student Activities*, School Board Policy 5500, *Student Conduct and Discipline*, and those of the Florida High School Athletic Association (FHSAA) and the Greater Miami Athletic Conference (GMAC) Bylaws.

A student's eligibility to participate in any interscholastic athletics and/or extracurricular activity may not be affected by any alleged recruiting violation until final disposition of the allegation pursuant to Section 1006.20 F.S.

Expulsion **E**

A principal may recommend to the Superintendent expulsion or administrative assignment of a student to an AES at an alternative school in accordance with School Board Policy 5610, *Suspension and Expulsion of Students* and this *Code of Student Conduct*. Principals may take this action when they have exhausted less severe administrative corrective strategies, or when they have considered those alternatives and rejected them as inappropriate in the given situation. Upon a recommendation for expulsion or administrative assignment, the student is suspended by the principal and/or administratively assigned to an AES by the Office of School Leadership and Performance/Alternative Education. Offenses requiring a mandatory recommendation for expulsion are located in the section below on Zero Tolerance.

Only the School Board can approve an expulsion. The maximum period of time for an expulsion may not exceed the remainder of the term or school year in which the incident that gave rise to the expulsion occurred, the summer session, plus one additional school year of attendance. An expelled student is entitled to due process as set forth in Policy 5610, including a formal hearing. Expulsions may be imposed with or without continuing educational services and shall be reported accordingly. Expulsion shall include the exclusion of the student from any traditional school, specialized center, or adult program for the number of school days remaining in the school year in which the incident that gives rise to the expulsion takes place and one (1) additional school.

Manifestation Determination **M**

A Manifestation Determination meeting is held any time a change of placement is being considered for a student with a disability, such as, when the student has been referred to an Alternative Educational Setting (AES) or School Center for Special Instruction (SCSI). A Manifestation Determination is a process by which the relationship between the student's disability and the specific behavior that may result in disciplinary action is examined. Schools must consider the student's capacity to understand his or her behavior and the inappropriateness of his or her actions. Schools may take age, development, and disability into account when determining appropriate discipline.

When the student is removed from his/her educational placement for more than ten (10) days, a Manifestation Determination must be conducted. School personnel may remove a student to an Interim Alternative Educational Setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the child's disability, in cases where a child:

ELEMENTARY Code of Student Conduct

- A. carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a state or local educational agency.
- B. knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency; or
- C. has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency.
 - Possession of marijuana for personal consumption is exempt from this special circumstance.
 - Serious bodily injury applies only when there is:
 - a substantial risk of death, or extreme physical pain,
 - protracted and obvious disfigurement, or
 - protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

When a student commits one of the special circumstances listed above, the school site where the violation occurred shall contact the parent/guardian and provide the parent/guardian with the Notice of Procedural Safeguards for Students with Disabilities.

Mental Health Services

If a school's School Based Threat Management Team determines that a student may pose a threat of violence or physical harm to himself or herself or others or significantly disruptive behaviors, a referral may be made to counseling or behavioral health programs. School Based Threat Management Teams must consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, that may pose a threat to school safety.

If an immediate mental health or substance abuse crisis is suspected, school personnel will engage behavioral health crisis resources to provide de-escalation strategies, emergency intervention and assessment, make recommendations, and refer the student for appropriate services.

A reasonable attempt will be made to notify the student's parent or legal guardian; however, nothing will preclude school district personnel from acting immediately to address imminent threat and/or danger.

Peer Mediation

The principal may establish a peer mediation program designed to resolve problems addressed in the *Code of Student Conduct*. The establishment and use of this program is solely within the principal's discretion.

Zero Tolerance

Zero-tolerance policies must require students found to have committed one of the following offenses to be expelled, with or without continuing educational services, from the student's regular school for a period of not less than 1 full year, and to be referred to the criminal justice or juvenile justice system.

- a) **Bringing a firearm or weapon**, as defined in chapter 790, to school, to any school function, or onto any school-sponsored transportation or possessing a firearm at school.
- b) **Making a threat or false report**, as defined by ss. 790.162 and 790.163, respectively, involving school or school personnel's property, school transportation, or a school-sponsored activity.
- c) **Making written or electronic threats to conduct a mass shooting or an act of terrorism**, as defined by F.S. 836.10, involving posting, or transmitting, or procuring the sending, posting, or transmission of, a writing or other record, including an electronic record, in any manner in which it may be viewed by another person, when in such writing or record the person makes a threat to conduct a mass shooting or an act of terrorism.
- d) **Making a threat to inflict bodily injury through the discharge of a firearm or through the use of a weapon** as defined in F.S. 790.001, against any school/district property, including school-sponsored transportation, or any school/district-sponsored activity or function.

The School Board may assign a student to a disciplinary program for the purpose of continuing educational services during the period of expulsion. The District may consider the 1-year expulsion requirement on a case-by-case basis and request the School Board to modify the requirement by assigning the student to a disciplinary program or second chance school if the request for modification is in writing and it is determined to be in the best interest of the student and the District. If a student committing a Zero-Tolerance offense is a student who has a disability, the School Board will comply with applicable statutes and State Board of Education rules.

If a student brings a firearm or weapon and/or makes a threat or false report (electronic or otherwise), the school must refer the student to the school’s School Based Threat Management Team and provide mental health services identified by the District.

Assault or Battery on Specified Officials or Employees

Subject to all applicable laws and regulations, any student found to have committed any offense in s. 784.081(1), (2), or (3) shall be expelled or placed in an alternative school setting or other program, as appropriate. Upon being charged with the offense, the student shall be removed from the classroom immediately and placed in an alternative school setting pending disposition.

Other Serious Crimes

The District must take precautions to provide protection at school for victims of students who commit:

- homicide;
- assault, battery, and culpable negligence;
- relating to kidnapping, false imprisonment, luring or enticing a child, and custody offenses;
- sexual battery;
- lewdness and indecent exposure; or
- child abuse.

Chapter III

Student Rights and Responsibilities

Student Rights and Responsibilities

It is the intent of this chapter to allow students maximum freedom under law, commensurate with the school's responsibility for student health, safety, and welfare. The rights and responsibilities presented in this section reflect the need for providing students with greater opportunities to serve themselves and society.

Students must realize that every right implies a responsibility and should conduct themselves appropriately on and off campus. Within every school, the principal and staff have the responsibility and authority for maintaining an orderly educational process. Students are citizens of the greater Miami-Dade Community and represent Miami-Dade Schools at all times.

Attendance

Philosophical Basis:

School administrators have an obligation under state law to enforce compulsory school attendance laws. Students have an obligation to attend school to develop skills and knowledge necessary to function in a modern, democratic society. Parents and students should review School Board Policy 5200, *Attendance*.

Rights:	Responsibilities:
<ul style="list-style-type: none"> <input type="checkbox"/> Students have the right to information on rules and policies for excused absences, unexcused absences and tardies. <input type="checkbox"/> Students have the right to make-up homework assignments after an excused absence. 	<ul style="list-style-type: none"> <input type="checkbox"/> Students have the responsibility to attend classes daily. <input type="checkbox"/> Students have the responsibility to provide the school with reasons for absences. <input type="checkbox"/> Students have the responsibility to request missed work from your teacher and complete the work within a reasonable amount of time.

Complaint Procedures

Philosophical Basis:

A complaint results from situations where students feel that they have been treated unfairly. Schools are responsible for providing a way for students to express and process their complaints.

Rights:	Responsibilities:
<ul style="list-style-type: none"> <input type="checkbox"/> Students have the right to speak to a person in authority if you feel you have received unfair treatment. You also have the right to request a formal complaint hearing at either the school level or the Region. <input type="checkbox"/> Students have the right to have all complaints resolved in a fair, orderly and timely manner. <input type="checkbox"/> Students have the right to report concerns of discrimination/harassment (Civil Rights), including sexual harassment. Parents and students may utilize the formal complaint procedures governing discrimination/harassment concerns based on protected categories as delineated in School Board Policy 5517 through the Office of Civil Rights Compliance. *(See Special Note 1) <input type="checkbox"/> Parents/guardians may request a hearing before an impartial hearing officer in some instances when a student has been assigned to an alternative placement or expelled. 	<ul style="list-style-type: none"> <input type="checkbox"/> Students have the responsibility to talk about what you feel is unfair with people who are involved with the situation before requesting a formal hearing. <input type="checkbox"/> Students have the responsibility to state the formal complaint clearly, to follow established procedures for resolving a formal complaint, and to accept the decision that is rendered and to timely file any appeal of that decision.

SPECIAL NOTE

¹ **Discrimination/Harassment (Civil Rights), including Sexual Harassment, may require law enforcement consultation and must be reported to the Office of Civil Rights Compliance at 305-995-1580.** For Discrimination/Harassment (Civil Rights), including Sexual Harassment, involving charter school students, contact the individual charter school's Civil Rights Compliance Officer.

A student who is the victim of discrimination/harassment prohibited by Title IX, including sexual harassment, should refer to Board Policies 5517, 5517.02, and the District's associated procedural manual to request supportive measures and/or an investigation. Additional information and resources can be accessed by visiting <http://hrdadeschools.net/civilrights> . If you suspect child abuse or neglect, immediately call the Department of Children and Families (DCF) Abuse Hotline as outlined in School Board Policy 8462, *Student Abuse, Abandonment and Neglect*.

Counseling Services

Philosophical Basis:

Personal concerns can seriously threaten and inhibit the educational development of students. Schools have the responsibility to make relevant and objective information available to students, to provide a comprehensive Student Services program, and to recommend students to agencies equipped with the facilities and resources necessary to offer additional, direct assistance.

Rights:	Responsibilities:
<input type="checkbox"/> Students have a right to get help from a school counselor. The counselor will be able to refer you to outside resources if you or your parents need additional assistance.	<input type="checkbox"/> Students have the responsibility to make an appointment to talk to your counselor about your problems.

Free Speech, Expression and Assembly

Philosophical Basis:

One of the basic purposes of education is to prepare students for responsible self-expression in a democratic society. Citizens in our democracy are permitted self-expression under the First and Fourteenth Amendments of the United States Constitution. Full opportunity should be provided for students to inquire, to question, and to exchange ideas. They should be encouraged to participate in discussions in which many points of view, including those that are controversial, are freely expressed.

Rights:	Responsibilities:
<input type="checkbox"/> Students have the right to recite the Pledge of Allegiance. You also have the right not to recite the Pledge of Allegiance if the Pledge goes against personal beliefs.	<input type="checkbox"/> Students have the responsibility to behave while a school program or activity is occurring.
<input type="checkbox"/> Students have the right to refuse to join in any activity that goes against your religious beliefs.	<input type="checkbox"/> Students have the responsibility to respect the political and religious beliefs of others.
<input type="checkbox"/> Students have the right to wear badges or other symbols that display personal beliefs as long as the school's dress code is followed, and you are not causing a severe disruption in school.	<input type="checkbox"/> Students have the responsibility to respect the rights of other students who disagree with your way of thinking or behaving.
<input type="checkbox"/> Students have the right to say, draw or write personal opinions. Exercise of this right shall be denied or limited only when it substantially disrupts the educational process or orderly operation of a school or poses a threat or danger to the safety of	<input type="checkbox"/> Students have the responsibility to support your opinions with facts and evidence.
	<input type="checkbox"/> Students have the responsibility to get permission to gather peacefully on school property.

Rights:	Responsibilities:
<p>other students, staff, School Board members, any other members of the District Community, or school property.</p> <p><input type="checkbox"/> Students have the right to gather peacefully on school property. Exercise of this right shall be denied or limited only when it substantially disrupts the educational process or orderly operation of a school or poses a threat or danger to the safety of other students, staff, School Board members, any other members of the District Community, or school property.</p>	

Grades

Philosophical Basis:

Grades reflect the student’s academic progress based on the state academic standards for the grade level/course in which the student is enrolled at any particular time. Since much emphasis is placed upon grades, students’ academic grades should reflect the teacher’s most objective assessment of students’ academic achievement. Academic grades should not be based upon the student’s effort and/or conduct nor be used as a threat in order to maintain classroom decorum.

Rights:	Responsibilities:
<p><input type="checkbox"/> Students have the right to know how your teacher determined your grade.</p> <p><input type="checkbox"/> Students have the right to be given a fair grade.</p> <p><input type="checkbox"/> Students have the right to be notified when you are performing unsatisfactorily.</p> <p><input type="checkbox"/> Students have the right to fair and accurate conduct and effort grades.</p>	<p><input type="checkbox"/> Students have the responsibility to ask your teachers what you must do to get certain grades.</p> <p><input type="checkbox"/> Students have the responsibility to work to the best of your ability.</p> <p><input type="checkbox"/> Students have the responsibility to improve your grade when you get an unsatisfactory notice.</p> <p><input type="checkbox"/> Students have the responsibility to exhibit good behavior and effort in class.</p>

Knowledge and Observation of Rules of Conduct

Philosophical Basis:

The most effective learning takes place in an atmosphere where students, parents/guardians, and school staff are fully aware of the grounds for corrective strategies and the procedures to be followed for violations of the Code of Student Conduct.

Rights:	Responsibilities:
<input type="checkbox"/> Students have the right to a clear explanation of the <i>Code of Student Conduct</i> in understandable language. You have the right to know the consequences of your misconduct.	<input type="checkbox"/> Students have the responsibility to become familiar with the <i>Code of Student Conduct</i> and to observe all school and classroom rules.

Marriage, Pregnancy and Parenthood

Philosophical Basis:

Students who are married, parents/guardians, or expectant parents/guardians do not lose their right to free public education. It is, therefore, the responsibility of the public schools to encourage their continued education through the implementation of positive policies and the development of appropriate educational programs.

Rights:	Responsibilities:
<input type="checkbox"/> Students who are married, parents/guardians of expectant students have the right to remain in the regular school program, including appropriate extracurricular activities, or to attend one of the specialized programs designed to meet their particular needs. <input type="checkbox"/> Students have the right , upon request, to be referred to an appropriate agency for special counseling regarding marriage, pregnancy, and parenthood/ guardianship. <input type="checkbox"/> Students have the right to report concerns of discrimination/harassment based on marital status or pregnancy. Parents and students may utilize the formal complaint procedures governing discrimination/harassment concerns based on protected categories as delineated in School Board Policy 5517, <i>Prohibition on</i>	<input type="checkbox"/> Students have the responsibility to request professional medical advice regarding continued school attendance. <input type="checkbox"/> Students have the responsibility to request special counseling regarding marriage, pregnancy, and parenthood.

Rights:	Responsibilities:
<p><i>Discrimination and Harassment Against Students Based on Protected Categories</i> through the Office of Civil Rights Compliance.</p>	

Participation in School Programs and Activities

Philosophical Basis:

Students learn from one another and benefit from forming and participating in school programs and student government organizations. Schools have the responsibility to offer opportunities to all students to participate in student government or school programs.

Rights:	Responsibilities:
<ul style="list-style-type: none"> <input type="checkbox"/> Students have a right to form or join any approved school activity and not be excluded based on a protected category as delineated in School Board Policy 5517, <i>Prohibition on Discrimination and Harassment Against Students Based on Protected Categories</i>. <input type="checkbox"/> Students have the right to participate in groups such as student council that help make rules affecting school life. 	<ul style="list-style-type: none"> <input type="checkbox"/> Students have the responsibility to get permission from your principal to form school clubs or schedule activities. <input type="checkbox"/> Students have the responsibility to attend club or activity meetings and participate in an appropriate manner.

Publications

Philosophical Basis:

The primary liberties in students' lives have to do with the process of inquiry and learning, of acquiring and imparting knowledge, and of exchanging ideas. This process requires that students have the right to express opinions, to take stands, and to support causes publicly or privately. One of the important roles of the school is to provide effective avenues through which students may express themselves on a wide range of subjects. Official school publications, such as school newspapers, should reflect the policy and judgment of the student editors and should include viewpoints representative of the entire school community.

Rights:	Responsibilities:
<ul style="list-style-type: none"> <input type="checkbox"/> Students have the right to issue publications in accordance with School Board Policy 5722, <i>School Sponsored Student Publications, Productions, and Performances</i>. 	<ul style="list-style-type: none"> <input type="checkbox"/> Students have the responsibility to obey the principal as to how, when and where materials may be distributed.

Rights:	Responsibilities:
<ul style="list-style-type: none"> <input type="checkbox"/> Students have the right to possess and distribute literature as long as the material does not substantially disrupt the daily activities of the school. <input type="checkbox"/> Students have the right to be free from anyone telling you what you can and cannot read or write. 	<ul style="list-style-type: none"> <input type="checkbox"/> Students have the responsibility to use only those walls or bulletin boards set aside to post student club information. <input type="checkbox"/> Students have the responsibility to read or possess print materials that are not indecent or harmful to others.
<p>Principals may restrict distribution of materials that are primarily commercial in nature or disruptive to the orderly operation of the school.</p>	

Respect for Persons and Property

Philosophical Basis:

The most effective learning takes place in a school where students, parents and teachers respect others and protect the personal property of all members of the school community.

Rights:	Responsibilities:
<ul style="list-style-type: none"> <input type="checkbox"/> Students have a right to be treated with courtesy and respect. <input type="checkbox"/> Students have the right to a safe school environment, at bus stops, on the school bus and during school sponsored activities. <input type="checkbox"/> Students have the right to a school that is free of bullying or harassment. 	<ul style="list-style-type: none"> <input type="checkbox"/> Students have the responsibility to show respect and courtesy to fellow students, all School Board personnel and school visitors. <input type="checkbox"/> Students have the responsibility to respect the private and personal property of others. Additionally, you have the responsibility to contribute to a safe learning environment by reporting harmful or dangerous situations to an adult. <input type="checkbox"/> Students have the responsibility not to bully or harass other students.

Right to Learn

Philosophical Basis:

Under the law you are given many freedoms, such as the right to learn. With these freedoms, however, come **responsibilities**. Your school has the responsibility to protect your health, safety, and welfare. You have the **responsibility** to use your freedoms wisely.

Rights:	Responsibilities:
<ul style="list-style-type: none"> <input type="checkbox"/> Students have the right to be taught the basic skills. <input type="checkbox"/> Students have the right to study all subjects in a classroom setting, in a language you can understand, with good, fair teachers. These teachers will let you state your opinion freely. <input type="checkbox"/> Students have the right to learn about many new and different ideas with which you may or may not agree. 	<ul style="list-style-type: none"> <input type="checkbox"/> Students have the responsibility to work hard so that you can master the basic skills. <input type="checkbox"/> Students have the responsibility to help create a school climate that is fair and helpful. <input type="checkbox"/> Students have the responsibility to respect the rights and beliefs of other students and teachers.

Search and Seizure

Philosophical Basis:

Students possess a right of privacy as well as freedom from unreasonable search and seizure of person or property guaranteed by the Fourth Amendment of the United States Constitution. That individual's right, however, is balanced by the school's responsibility to protect the health, safety, and welfare of all its students.

Rights:	Responsibilities:
<ul style="list-style-type: none"> <input type="checkbox"/> Students may have a legitimate expectation of privacy; however, a student's person and/or property, including, but not limited to, backpacks and vehicles, may be searched by school authorities if there is a reasonable suspicion that a search will turn up evidence that the student has violated or are violating law, school board policy or school rules exists. Any search of a student's personal belongings, including a purse, backpack, or bookbag, must be conducted discreetly to maintain the privacy of the student's personal items within such belongings. 	<ul style="list-style-type: none"> <input type="checkbox"/> Students have the responsibility not to hide or carry dangerous objects that are against the law or can disturb or frighten your classmates. <input type="checkbox"/> Students have the responsibility to keep only approved materials and objects on your person or in your desk or backpack.

Rights:	Responsibilities:
<ul style="list-style-type: none"> <input type="checkbox"/> To deter individuals from bringing weapons to school, curtail the threat of violence, and foster a safe learning environment, searches using metal detectors or specially trained animals may be conducted. In accordance with School Board Policy 5771, <i>Search and Seizure</i>. <input type="checkbox"/> Storage places provided by the school, including desks and/or lockers and the contents within them, remain under the control of the School Board and may be the subject of a search, upon reasonable suspicion, for prohibited or illegally possessed substances or objects, with or without a student's consent. The principal must post a visible notice in the school that such a search may be conducted. 	
<p>SPECIAL NOTES</p> <p>School authorities may search a student's person or property, including vehicles, with or without the student's consent whenever they reasonably suspect that there has been a violation of law, Board policy, or school rules. This authority applies to all situations in which the student is under the jurisdiction of the Board.</p>	

Student Records

Philosophical Basis:

Student records provide information that can be used to develop the best educational program for each student. Care must be exercised by school staff to assure that student records are treated confidentially, and that the information is relevant, accurate and appropriate.

Rights:	Responsibilities:
